

# **DISCOTHEQUE JAZZ 78 T (257 disques)**

**Pour la petite histoire :**

**Voici une partie de la discothèque du Dr Noyer, médecin du village de Beuzeville en Normandie, décédé dans les années 60.**

**A une époque où il n'y avait pas de télévision et où les disques n'offraient que 3 minutes de musique par face, ce grand amateur de jazz en achetait un par jour chez un disquaire de Caen dont il était certainement le meilleur client.**

**Il recopiait souvent au stylo à plume la critique de Frank Ténot avec sa date de parution dans Jazz Hot sur l'enveloppe en papier kraft typique des 78 tours.**

**Ces commentaires sont très intéressants 50 ou 60 ans plus tard.**

**En 1988 toute la discothèque du Dr. Noyer fut mise en vente soit environ 4.000 disques 78 tours, des centaines de vinyles, des bandes magnétiques, etc...**

**Bien qu'elle n'ait été annoncée que dans Le Pays d'Auge, cette vente aux enchères fit venir tous les cinglés de jazz de France et de Navarre. Vendus par lot de 10 disques, les prix se sont immédiatement envolés et je n'ai plus en acheter qu'environ 250 qui sont rassemblés ici.**
